

Even as some aspects of the Covid-19 crisis begin to feel eerily normal, we know it will eventually subside. But what comes next?

We need to be ready for our next challenge by electing leaders who recognize the pressure of teleworking while kids climb the walls; who honor the value of every employee, whether they work in a hospital or harvest food; and who draw upon a diverse range of backgrounds and experiences to inform their service to the people of our state.

Close the Gap has a simple strategy to ensure that Californians have better options every election: we recruit and prepare talented, progressive women to run for office in competitive districts across the state.

Make a contribution today to Close the Gap and let us know you want more women in leadership!

Imagine how our nation would manage a crisis if women held 50% of leadership positions!

We know our strategy is working:

Here's some *good news*: our strategy to reach 50% women in California by 2028 is right on track. Read all about it in our [Q1 Report!](#)

Between 2017 and 2019, women's numbers in the CA Legislature soared from 21.5% to 32%! Our mission is to scale that success all the way to 50/50 by 2028.

**Our plan is working, but we need your help.
Donate today to help us reach 50% women in the
California Legislature by 2028.**

DONATE TODAY!

Together, we can come through the current challenge with more progressive women leaders than ever, prepared to take the reins.
