# GENDER EQUALITY

## in the CA Legislature

### Our PLAN

Recruit progressive women to run for the open, winnable seats.

### Our RESULTS

- **In 2016**, we recruited progressive women in **17 districts** — **7 won** and are now serving in the Legislature
- **For 2018**, we've recruited progressive women in **12 districts** — **3 are already sworn in** due to special elections, and **9 more have advanced** to the November 6th run-off

### What's NEXT

We are **already in the field recruiting** in targeted winnable districts across the state **for 2020!** Invest in helping us find the next women legislators so we can achieve our goal of gender equality.
