**close the gap CA** is a statewide campaign to find talented, progressive women to run for open seats in the California legislature in 2014 and 2016. With focus and a targeted strategy, we can 'close the gap' and not just the gender gap. When we elect progressive women, we take steps to close the school funding gap, the access gap to affordable health and reproductive care, and the growing gap between the wealthy and those in poverty.
