TALENTED WOMEN WANTED

It's a World Series of Women

We've got great prospects for the CA legislature in our batter's box:

- A small-business entrepreneur who built a multimillion dollar engineering firm
- An anti-poverty crusader with expertise in the CA budget
- A Fortune 500 tested health and technology consultant
- A think-tank exec who came home to work for her Southern California community

They're thinking it over. And we're chasing down more talented progressive women to run for every winnable open seat. Batter up!

Kudos

Congrats to Janet Yellen. The former head of the San Francisco Fed, she will be the first woman to chair the U.S. Federal Reserve.

Go California. Go Assemblymember Toni Atkins - The California legislature made us the only state to expand access to reproductive services this year when it expanded the number of medical professionals who can perform abortions.

close the gap CA is a statewide campaign to find talented, progressive women to run for open seats in the California legislature in 2014 and 2016. With focus and a targeted strategy, we can "close the gap"™ and not just the gender gap. When we elect progressive women, we take steps to close the school funding gap, the access gap to affordable health and reproductive care, and the growing gap between the wealthy and those in poverty.
