We hope you're ready, because it'$ time – time to make our move.

With a small team and modest resources, CTGCA has achieved historic results for California women. In the past two years, women's representation grew from 21% to 32% of our Legislature.

Lean and efficient is good, *but to reach our goal of 50% women by 2028, we must double our annual budget.*

We have an unprecedented opportunity to reach gender parity by fielding accomplished, progressive women in the 96 legislative seats coming open between 2022 -2028.

But we can only do it with your help.

If we raise the resources we need to recruit for each of these 96 seats, our recruiters can mine for the progressive talent to fill them.

If you give before the end of the year, your gift will be matched dollar for dollar (up to $75,000), thanks to a most generous supporter!

Your contribution of $25, $50, $75, $100, $250, $500, or $1000 helps us get one woman closer to true representation.

"CTGCA has already helped California jump from 32nd since launching in 2013. Over the next nine years, 96 seats will open up, and the group hopes to elect at least four women in every cycle to achieve 50% representation."

WE'VE STRUCK GOLD!

NOW WE NEED YOUR HELP TO MINE THIS MOTHERLODE

A motherlode of at least **96 open seats** will open between 2022-2028, as nearly every sitting legislator terms out. Our strategy is designed to convert this historic turnover into the opportunity of a generation. We have already begun to triple the size of our recruiting team to identify a competitive woman candidate in each winnable district.

"There is a direct connection between the increased investment CTGCA supporters made in 2017-2019, and the 42% increase in women's representation California witnessed over the same time period."
