Electing progressive women gives voice to our values; legislation that **benefits all Californians.**

Women in the legislature are fighting for:

- Fair Pay
- Improved services for homeless children
- Easier registration and voting
- Accurate, useful sex education for students
- Smart climate change legislation

Imagine what California could accomplish if women were 50% of legislators, instead of 26%?

Won't you help?

close the gap CA is a statewide campaign to find talented, progressive women to run for open seats in the California legislature in 2014 and 2016. With focus and a targeted strategy, we can 'close the gap' and not just the gender gap. When we elect progressive women, we take steps to close the school funding gap, the access gap to affordable health and reproductive care, and the growing gap between the wealthy and those in poverty.
